

Illinois PTA

Lillian E. Glover

Scholarship Program

If every PTA Local Unit in Illinois donated \$75 to the Scholarship Program...it would be fully funded!

The Illinois PTA Lillian E. Glover Scholarship Program awards over \$12,000 in scholarships each year. All of the applicants are Illinois public high school seniors, in the top 33% of their class and are entering into a university or college education program. Our program has been created to encourage and support our future educators. Illinois PTA requests your local unit's help to fund this worthy program. If all local units send \$75 to the scholarship fund this year, we would ensure scholarship funding to the next generation who will teach and support our future.
